Studies, training, qualifications and certificates

I am an Advisory Business Economist (([PhD Level 8 EQR](#)), eq. MBA - Management and Economics). My training I realized at the adult professional education in Germany. Germany affords the possibility of an academic qualification at the alternative way along with recognition of the [liberal profession](#) of Advisory Business Economist to [catalog of liberal professions](#) (Advisory political economists and business economists) under examination and recognition of professional training, work experience and further training steps. I have chosen this way with the benefit of long-term practical experience.
