Studies, training, qualifications and certificates

I am an Advisory Business Economist ((PhD Level 8 EQR), eq. MBA - Management and Economics). My training I realized at the adult professional education in Germany. Germany affords the possibility of an academic qualification at the alternative way along with recognition of the liberal / free profession of Advisory Business Economist to catalog of liberal / free professions (Advisory political economists and business economists) under examination and recognition of professional training, work experience and further training steps. I have chosen this way with the benefit of long-term practical experience.

12/2014	ISMB, DGQ information security management officer, P/ISMB/1402-133 (DGQ - German Society for Quality, Frankfurt am Main)
